

CALLING ALL PARENTS AND CARERS OF OFF THE RECORD!

**Would you like to feel more informed about the services
provided at OTR?**

**Would you like to be involved in supporting
future parents of OTR?**

**Would you like the opportunity to share things that you have learnt whilst
your child or young person has been using services at OTR?**

About me

My name is Becky and I am a student completing a Masters in Counselling Children & Young People at The University of South Wales. I am also an Accredited Counsellor of the British Association for Counselling and Psychotherapy, working at OTR.

How you can help

I am seeking participants, such as yourselves to come together, within a series of co-production groups to create and produce a resource that hopes to answer these questions and a whole lot more. You will be working alongside practitioners, staff and volunteers of OTR.

This is a collaborative project where you will have the opportunity to feed in to supporting future parents at OTR.

If you wish to know more about this, please email me at rebecca@otrbristol.org.uk where I can forward you all of the details :)
